GENERAL PROVISIONS

SECTION 1 - All by-laws adopted prior to March 2, 1936, are hereby repealed.

SECTION 2 - These by-laws may be amended or repealed in whole or in part:

- (1) at an annual town meeting, by the affirmative vote of a majority of the voters present and voting thereon; or
- (2) at a special town meeting by the affirmative vote of two-thirds (2/3) of the voters present and voting thereon.

SECTION 3 - If any Article or Section of any Article of these by-laws is declared unconstitutional or illegal by any court, or is disapproved by any state authority having jurisdiction, the validity of the remaining provisions of these by-laws shall not be affected thereby.

ARTICLE 2

TOWN MEETING AND NOTICE THEREOF

SECTION 1 - The annual town meeting for the transaction of all business except the election of such officers and the determination of such matters as by law are required to be elected or determined by ballot shall be held on the fourth Monday of April in each year at seven o'clock P.M., except that in the year 1976 said annual town meeting shall be held on the first Monday of May at seven o'clock P.M.

SECTION 2 - The annual election of such and the determination of such matters as by law are required to be elected or determined by ballot shall be held on the Saturday following the fourth Monday of April in each year. At this and all town elections the polls shall be opened at eight o'clock A.M. and remain open until eight o'clock P.M.

SECTION 3 - At state elections the polls shall open at seven o'clock A.M. and remain open until eight o'clock P.M.

SECTION 4 - (a) Except as otherwise required by law, notice of every town meeting shall be given by posting, at least seven days before the day appointed for the meeting, an attested copy of the warrant therefor in the Town Office Building. Compliance with this paragraph (a) as to any meeting shall constitute valid notice thereof.

(b) If the Hingham Journal or any other newspaper is at the time circulated in the town as a local newspaper, the Selectmen shall publish in one such newspaper, at least seven (7) days before the date on which at any meeting there is to be an election of officers, or other action by official ballot, a statement of the time and place at which the polls will be open, and a copy of so much of the warrant as refers to the business then and there to be done, provided that except as otherwise provided by law compliance with the provisions of this paragraph (b) shall not be a requisite of valid notice of any meeting, and noncompliance therewith shall not affect the validity of any meeting or action taken thereat.

SECTION 5 - (a) At least seven (7) days before the day appointed in the warrant for any annual town meeting, the Selectmen shall cause a copy of the warrant and a copy of the report of the advisory committee thereon to be delivered to each occupied dwelling house, tenement and hotel in the town, by mail or by any method determined by the Selectmen. Provided, however, that if it appears to the Selectmen that for any reason timely distribution of the warrant under this paragraph will not be made, and if the Hingham Journal or any other newspaper is at the time circulated in the town as a local newspaper, they shall publish an attested copy of the entire warrant in one such newspaper at least seven (7) days before the day appointed in the warrant for the meeting.

(b) At least fourteen days before the day appointed in the warrant for any special town meeting, the Selectmen shall cause a copy of the warrant to be delivered to each occupied dwelling house, tenement and hotel in the town, by mail or by any method determined by the Selectmen. Provided, however, that if it appears to the Selectmen that for any reason the timely distribution of the warrant under this paragraph will not be made, and if the Hingham Journal or any other newspaper is at the time circulated in the town as a local newspaper, they shall publish an attested copy of the entire warrant in one such newspaper at least fourteen days before the day appointed in the warrant for the meeting.

(c) As soon practicable after the adjournment of any town meeting, on a vote to adjourn to another day, the Selectmen shall cause a brief statement of the day and hour to which the adjournment was voted and of the business remaining to come before the meeting to be posted in the same place where notice of the town meeting was posted pursuant to Section 4 of this Article, and if the period of adjournment will permit, shall cause a similar notice to be published in some one newspaper, if any, circulated in the town as a local newspaper.

(d) Except as otherwise required by law, compliance with this Section 5 shall not be a requisite of valid notice of any meeting of any action taken thereat.

SECTION 6 - In conjunction with each article made a part of the warrant for a town meeting pursuant to a petition to the Selectmen, there shall be inserted in such warrant the name of the first person signing such petition and the words "and others."

SECTION 7 - The warrant for the annual town meeting shall close on the twentieth day of January, except that the closing date for all zoning articles shall be December first; provided, however, that the Selectmen shall open the warrant within such period for the insertion of additional articles to the extent that compliance with any provision of law shall require, or whenever in their reasonable opinion there remains sufficient time for compliance with the provisions of Sections 4, 5, and 6 of this Article and with the provisions of Article 14. The warrant for a special town meeting shall close on the day determined by the Selectmen who shall cause notice of said date to be posted in the Town Office Building.

SECTION 8 - The Selectmen shall, immediately after insertion of any article in the warrant for any annual or special town meeting, forward copies of such article to the advisory committee.

SECTION 9 - The number of voters necessary to constitute a quorum at town meetings, except such parts of meetings as are devoted exclusively to the election of town officers, shall be three hundred; provided, however, that a number of less than three hundred may from time to time adjourn the same.

ARTICLE 3

PROCEDURE AT TOWN MEETINGS

SECTION 1 - All sessions of any town meeting shall be public to the extent required by law. At any session of a town meeting held for the transaction of town business (other than for the election of such officers as are required by law to be elected by ballot) no person whose name is not on the list of voters shall be admitted to that part of the hall reserved for voters, and this provision shall be enforced by use of such list. The moderator shall determine the bounds of the reserved space.

SECTION 2 - Printed copies of the warrant shall be furnished the voters at all town meetings.

SECTION 3 - Articles in the warrant shall be acted upon in their order, unless the meeting by vote otherwise determines.

SECTION 4 - All reports, motions, and resolutions submitted for the consideration of the meeting involving the expenditure of money shall be in writing and any other report, motion, or resolution shall be reduced to writing if the moderator so directs.

SECTION 5 - No person shall speak more than twice upon any question, except for the brief correction of an error in or misunderstanding of his previous statement, unless all other who have not spoken on the question shall have spoken if they desire to do so, and unless leave of the meeting is first obtained.

SECTION 6 - Without permission of the moderator, no person shall speak on any subject for more than ten (10) minutes for the first time or more than five (5) minutes for the second time.

SECTION 7 - Every person desiring to speak shall arise and address the chair and, after recognition is obtained, shall stand while speaking, unless the moderator otherwise directs.

SECTION 8 - Except as otherwise required by law, all votes shall be taken in the first instance by voice vote. If the moderator is in doubt as to the results or if seven voters rise and express doubt as to the result declared by the moderator, a standing vote shall be taken, except that the vote shall be by ballot in such manner as the moderator shall determine if either the Advisory Committee or fifty (50) voters promptly call for a ballot vote. On matters requiring a two-thirds vote, the moderator may declare two-thirds in favor by voice vote, and a count need not be taken unless a standing vote or a ballot vote is required in accordance with this Section.

SECTION 9 - When a question is before the meeting, the following motions, to wit:

To adjourn,
To lay on the table,
For the previous question.
To postpone to a time certain,
To commit, recommit or refer
To amend,
To postpone indefinitely,

shall be received and shall have precedence in the foregoing order, and the first three shall be decided without debate.

SECTION 10 - No vote shall be reconsidered except after the affirmative vote of two-thirds (2/3) of the voters present and voting on a motion to reconsider such vote.

SECTION 11 - A motion to reconsider any vote must be made before the final adjournment of the meeting at which the vote was passed; provided, however, that such motion to reconsider shall not be made at an adjourned session of the meeting unless the mover has given notice of his intention to make such a motion either at the session of the meeting at which the vote was passed or by written notice to the town clerk not less than twelve hours before the hour to which adjournment has been voted and not more than forty-eight hours after the hour of adjournment of such session. A vote shall not be reconsidered a second time or after a motion to reconsider it has failed to pass.

SECTION 12 - At a special town meeting, not held within the annual town meeting, no amount of money shall be appropriated for any purpose (1) if the Advisory Committee recommends to the meeting that no amount be appropriated for that purpose or (2) which is in excess of the amount recommended to the meeting by the Advisory Committee for that purpose, except in either case by the affirmative vote of two-thirds (2/3) of the voters present and voting on such appropriation.

(Section 12 was submitted by the Town Clerk to the Attorney General on 7/27/87. It was adopted after no action by the Attorney General within 90 days as specified in Chapter 40, Section 32 of the Massachusetts General Laws)

ARTICLE 4

OFFICERS, BOARDS, AND COMMITTEES -- GENERAL

SECTION 1 - With the exception of the town accountant, each head of a town department and each board or committee, appointed or elected, shall, on or before the twentieth day of January of each year, file with the selectmen a written report of his or their doings during the preceding calendar year, with recommendations, if any, for action by the town.

SECTION 2 - Each officer, department head, board, or committee authorized to expend money shall, on December twentieth of each year, transmit to the town accountant all un- paid bills outstanding as of that date. Books of the town shall be closed December thirty-first of each year.

SECTION 3 - Each officer, department head, board, or committee making any rule or regulation shall file a copy thereof with the town clerk within ten days after the effective date thereof.

SECTION 4 - Each officer, department head, board, or other committee shall keep the original of all plans, whether tracings or sketches, made under his, her or its direction, or file the same with the Town Clerk.

SECTION 5 - Each officer, shall pay into the town treasury all fees received by him by virtue of his office, including fees received under the provisions of Section 3 of Chapter 129A of the General Laws of the Commonwealth (inserted by Section 1 of Chapter 329 of the Acts of 1933) and Section 147 of Chapter 140 of the General Laws.

SECTION 6 - No officer, department head, board or committee authorized to expend money shall make purchases of supplies or material or contract for services to be rendered to the town without first issuing a written purchase order therefor on prescribed forms; provided, however, that the provisions of this Section shall not apply to salaries or wages of part- time or regularly employed officers, clerks, and wage earners of any department of the town. All purchase orders shall be in triplicate; one to be designated for the vendor, one to be designated for and delivered to the town accountant, and one to be designated for the files of the officer, department head, board, or committee issuing the order. Purchase orders issued by the School Committee shall be sufficiently authenticated by the signature of the Superintendent of Schools or of such one assistant to the Superintendent of Schools as the School Committee may designate for that purpose from time to time. The order designated for the vendor shall not be delivered to the vendor until the town accountant shall have certified thereon that there is sufficient unencumbered balance of the appropriation to be charged to pay the amount due under the order; provided, however, that verbal orders for supplies, materials, or services to be rendered may be given for an amount not to exceed twenty-five dollars (\$25.00). All verbal orders shall

be confirmed in writing on prescribed purchase order forms on the day the orders are given and immediately transmitted to the town accountant and shall be subject to his certification as aforesaid.

SECTION 7 - The town accountant shall prescribe the methods of accounting and forms to be used by the several departments of the town concerned with the collection or disbursement of money and such methods and forms shall conform to the requirements prescribed by the statutes of the Commonwealth and any rules or regulations made thereunder.

SECTION 8 - PRE-EMPLOYMENT PHYSICAL BY-LAW

A. Nondiscrimination in Employment.

The Town shall not discriminate against qualified handicapped persons by reason of their handicap(s) in its employment practices. For purposes of this section, "handicapped person" means any person who (i) has a physical or mental impairment which substantially limits one or more major life activities (ii) has a record of such an impairment, or (iii) is regarded as having such an impairment; provided, however, that such term does not include any individual who is an alcoholic or drug abuser whose current use of alcohol or drugs prevents such person from performing the duties of the job in question or whose employment, by reason of such current alcohol or drug abuse, would constitute a direct threat to the property or the safety of others. For purposes of this section, "qualified handicapped person" means a person who, with reasonable accommodation, can perform the essential functions of the job in question.

B. Reasonable Accommodation.

The Town will make reasonable accommodation to the known physical or mental limitations of an otherwise qualified handicapped applicant or employee unless the accommodation would impose an undue hardship on the operation of the program in question, or would impose an unreasonable restriction on the essential functions of the job in question.

C. Employment Criteria.

The Town will not use employment tests or criteria that unreasonably discriminate against handicapped persons, as defined herein. Employment tests or criteria will be adapted for use by persons who have handicaps that impair sensory, manual, or speaking skills.

D. Preemployment Inquiries.

Except as provided in subsection (E), no one acting for the Town may conduct a preemployment medical examination or make preemployment inquiry of an applicant

as to whether the applicant is a handicapped person or as to the nature or severity of a handicap. Preemployment inquiry may, however, be made into an applicant's ability to perform job-related functions.

E. Medical Examinations.

Town Officers and boards having authority to employ may condition an offer of employment on the results of a medical examination conducted prior to the employee's entrance on duty; provided that (i) all entering employees are subjected to such an examination regardless of handicap, and (ii) the results of such an examination are used only in accordance with the requirements of this subsection. Each medical examination will be conducted by a physician selected and approved by the Town, which physician may be the personal physician of the employee to be examined. Any physician approved to conduct such an examination will be furnished with a description of the essential functions of the job offered to the applicant. The approved physician will conduct or cause to be conducted such examination and laboratory tests as he/she considers appropriate to determine whether the employee is physically fit for employment.

The examining physician will make his/her report in writing to the Town officer or board having authority to employ. After reviewing the examining physician's report, the Town officer or board will notify the employee whether the offer of employment is to be confirmed or revoked. Before revoking an offer of employment, the Town officer or board will consider whether reasonable accommodation can be made in accordance with subsection (B) above. Information obtained in accordance with this subsection as to the medical condition or history of the applicant shall be collected and maintained on separate forms that shall be accorded confidentiality as medical records, except that:

- 1) Supervisors and managers may be informed regarding restrictions on the work or duties of handicapped persons and regarding necessary accommodations;
- 2) First-aid and safety personnel may be informed, where appropriate, if the condition might require emergency treatment; and
- 3) Authorized state and federal officials will be provided relevant information upon request.

ARTICLE 5

SELECTMEN

SECTION 1 - To the extent permitted by law and except as otherwise provided by law or these by-laws, the selectmen shall have the general direction and management of the property and affairs of the town. This section shall not apply to property in the custody or use of any town department, officer, or committee. The selectmen are authorized and empowered, in accordance with the provisions of Chapter 41, Section 23A, of the Massachusetts General Laws, to appoint a town administrator for a term of one or three years and to remove him at their discretion. No appointee prior to July 1, 1993 shall theretofore have held elective or appointive office within the town, or have served as a regular or special employee of the town. A town administrator appointed under the provisions of this section shall be sworn to the faithful performance of his duties. During the time he holds office he shall hold no elective town office within the town, but he may be appointed by the selectmen or, with their approval, by any other town officer, board, committee or commission, to any other town office or position consistent with his office. He shall receive such aggregate compensation, not exceeding the amount appropriated therefor, as the selectmen may determine. He shall act on behalf of the selectmen in any matter which they may assign to him relating to the administration of the affairs of the town or of any town office or department under their supervision or control, including the timely preparation of a proposed budget for the town for the ensuing fiscal year, which budget shall be submitted to the advisory committee by the selectmen pursuant to the provisions of Article 14, Section 4, of these by-laws. With the approval of the selectmen, the town administrator may assist the personnel board in the administration of the personnel by-law and may perform such other duties as may be requested of him by any other town officer, board, committee or commission.

SECTION 2 – The selectmen shall cause to be printed and made available to residents before the annual town meeting, the annual town report, which shall contain the reports provided for by Section 1 of Article 4 of these by-laws.

SECTION 3 - The selectmen may appear, either personally or by counsel, before any court, committee of the Legislature, or by any federal, state, or county board or commission or other tribunal, to protect the interests of the town, but they are not authorized hereby to commit the town to any course of action.

SECTION 4 - Except as otherwise provided by law, by these by-laws, or by vote of the town in any instance, all deeds, conveying land or interests in land executed by the selectmen, pursuant to due authorization, shall be valid if signed by a majority of the selectmen and sealed with the town seal.

SECTION 5 - The selectmen shall make and enforce rules and regulations consistent with law and these by-laws for the government of the police department and shall cause copies of the same to be printed for the use of the police department.

SECTION 6 - The selectmen, acting on the advice of counsel, may at any time settle any claim, demand, or suit against the town which in their opinion it is advisable in the best interests of the town to settle, but only if the amount to be paid does not exceed the balance then remaining of funds appropriated for or transferred to the claims account in the then-current year.

SECTION 7 - The selectmen may institute and prosecute any and all actions, suits, or legal proceedings which they shall deem necessary or advisable in the interests of the town, and may appear in and defend any action, suit, or legal proceeding brought against or involving the rights or interests of the town; and they may employ counsel to act in the foregoing matters whenever they deem it necessary.

SECTION 7A - In the event that any civil action, suit, or proceeding, of whatever nature, is brought by any party other than the town or the Commonwealth against a present or former officer, department head, or member of a board or committee in his individual capacity, based upon or arising out of an act or a failure to act of such officer, department head, or member which is or purports to be in his official capacity, the Board of Selectmen shall, upon the written request of such officer, department head, or member, retain legal counsel of its choice for the defense thereof and pay, from any available general appropriation for legal services to the town, all costs and expenses of such defense, including the fees of said counsel, and a payment of twenty dollars (\$20.00) per day to any such officer, department head, or member of a board or committee who is not a full-time employee of the town and who appears at such civil action, suit, or proceeding after and upon issuance of a summons, provided that such officer, department head, or member shall enter into an undertaking, in such form and with such security or without security as the selectmen shall determine to repay to the town all such costs and expenses, including any payment or payments of twenty dollars (\$20.00), directly related to the defense of such officer, department head, or member in his individual capacity as may have been paid or required to be paid by the town in the event that such officer, department head, or member is finally adjudged in such action, suit, or proceeding not to have acted in good faith in what he reasonably believed to be the performance of his official duties.

SECTION 8 - The selectmen may sell from time to time at public auction or private sale equipment, materials, and other personal property of the town which can no longer be used to advantage by the town.

SECTION 9 - The total assessed upon any individual estate by reason of construction of a new sidewalk in an abutting way or the reconstruction of a sidewalk already existing in such way with material of more permanent character than that with which it was originally constructed shall not exceed one percent (1%) of the value of such estate as fixed by the last preceding assessment for taxes.

ARTICLE 6

The stenographer's notes shall be filed with the town clerk and retained as part of the public records of the town. The stenographer shall be paid by the town for services as aforesaid. Any voter may at any time require the stenographer to transcribe and furnish to him a record of the whole or any part of any proceedings taken by the stenographer provided he shall pay the stenographer in advance therefor at the usual rates.

TOWN TREASURER

SECTION 1 - The town treasurer shall have stated daily hours for the transaction of business and shall give public notice thereof.

SECTION 2 - The town treasurer shall pay no money from the treasury except upon a warrant or order signed by a majority of the selectmen and by the town accountant. Such warrant or order shall be sufficient authority to the treasurer to pay money in accordance therewith, and such payment shall discharge him from all liability on account of the money so paid.

SECTION 3 - All checks drawn to the order of the town treasurer, any department, or cash shall be countersigned by the town accountant.

SECTION 4

(a) Maintenance of list of nonpaid taxes, fees, and charges.

The treasurer/collector shall annually furnish to each department, board, commission or division, hereinafter referred to as the licensing authority, that issues licenses or permits including renewals and transfers, a list of any person, corporation, or business enterprise, hereinafter referred to as the party, that has neglected or refused to pay any local taxes, fees, assessments, betterments or other municipal charges for not less than a twelve month period, and that such party has not filed in good faith a pending application for an abatement of such tax or a pending petition before the appellate tax board.

(b) Denial, revocation or suspension of license or permit.

The licensing authority may deny, revoke or suspend any license or permit, including renewals and transfers of any party whose name appears on said list furnished to the licensing authority from the treasurer/collector; provided, however, that written notice is given to the party and the treasurer/collector, as required by applicable provisions of law, and the party is given a hearing, to be held not earlier than fourteen (14) days after said notice. Said list shall be prima facie evidence for denial, revocation, or suspension of said license or permit to any party. The treasurer/collector shall have the right to intervene in any hearing conducted with respect to such license denial, revocation or suspension. Any findings made by the licensing authority with respect to such license denial, revocation or suspension shall be made only for the purposes of such proceeding and shall not be relevant to or introduced in any other proceeding at law, except for any appeal from such license denial, revocation or suspension. Any license or permit denied, suspended or revoked under this section shall not be reissued or renewed until the license authority receives a certificate issued by the treasurer/collector that the party is in good standing with respect to any and all local taxes, fees, assessments, betterments or other municipal charges payable to the municipality as the date of issuance of said certificate.

(c) Payment Agreement.

Any party shall be given an opportunity to enter into a payment agreement, thereby allowing the licensing authority to issue a certificate indicating said limitations to the license or permit and the validity of said license shall be conditioned upon the satisfactory compliance with said agreement. Such notice of intention shall include such plans as required, from time to time, by the Commission and as may be necessary to describe such proposed activity and its effect on the environment. The same plans and specifications required to be filed by an applicant under Massachusetts General Laws, Chapter 131, Section 40, will be accepted as fulfilling the requirements of this by-law. The Commission may hear any oral presentation under this by-law at the same public hearing required to be held under the provisions of said Chapter 131, Section 40 of the Massachusetts General Laws. SECTION 1 - AUTHORITY AND PURPOSE

This By-Law shall be known and may be cited as the Historic Districts By-Law of the Town of Hingham and is adopted pursuant to the provisions of Chapter 40C of the Massachusetts General Laws, as amended.

The purpose of this By-Law is to promote the educational, cultural, economic and general welfare of the public through the preservation and protection of the distinctive characteristics of buildings and places significant in the history of the Town, or its architecture, and through the maintenance and improvement of settings for such buildings and places and the encouragement of design compatible therewith. Regulations may be promulgated by the Historic Districts Commission in accordance with the provisions of Chapter 40C of the Massachusetts General Laws, as amended, in order to fulfill the purposes of this By-Law.

SECTION 2 - HISTORIC DISTRICTS COMMISSION

In accordance with the provisions of Chapter 40C, Section 4, of the Massachusetts General Laws, the Historic Districts Commission appointed by the Board of Selectmen pursuant to the provisions of Chapter 502 of the Acts of 1966 shall be designated as the Historic Districts Commission under this By-Law. The Commission shall consist of five citizens of the Town appointed for three-year terms, with the terms of either one or two members expiring each year. Five alternate members shall be appointed in a like manner. Vacancies shall be filled in the same manner as the original appointment for an unexpired term. One regular member and one alternate member shall be appointed from each of at least three nominees submitted by the Boston Chapter of the American Institute of Architects, from at least three nominees submitted by the Hingham Historical Society, and from at least three nominees submitted by the Hingham Planning Board. One regular and one alternate member shall be appointed, where possible, from among the residents of the historic districts, and one regular and one alternate member shall be appointed at large. If within thirty days after submission of a request for nominees to an organization entitled to submit nominations for membership on the Commission no such nominations have been made, the Board of Selectmen may proceed to make the appointments to the Commission without nomination by such organization.

In case of the absence, inability or unwillingness to act of a member of the Commission, his or her place shall be taken by an alternate member designated by the chairman. Each member and alternate shall continue in office until the expiration of his or her term or until his or her successor is duly appointed and qualified. All members shall serve without compensation. The Commission shall annually elect a

chairman and vice-chairman from its number and a secretary from within or without its number.

SECTION 4 - CERTIFICATE OF APPROPRIATENESS, NON-APPLICABILITY OR HARDSHIP

Except as otherwise provided in Sections 6 or 7 of this By- Law, no building or structure within an historic district shall be constructed or altered in any way that affects an exterior architectural feature unless the Commission shall first have issued a certificate of appropriateness, a certificate of non-applicability or a certificate of hardship with respect to such construction or alteration.

Any person who desires to obtain a certificate from the Commission shall file with the Commission an application therefor in such form as the Commission may reasonably determine, together with such plans, elevations, specifications, material or other information, including in the case of demolition or removal a statement of the proposed condition and appearance of the property thereafter, as may be reasonably deemed necessary by the Commission to enable it to make a determination on the application.

No building permit for construction of a building or structure or for alteration of an exterior architectural feature within an historic district and no demolition permit for demolition or removal of a building or structure within an historic district shall be issued by the Building Commissioner until the certificate required by this section has been issued by the Commission.

SECTION 5 - FACTORS CONSIDERED BY COMMISSION IN MAKING DETERMINATION ON APPLICATION FOR CERTIFICATE

In passing on matters before it the Commission shall consider, among other things, the historic and architectural value and significance of the site, building or structure, the general design, arrangement, texture, material and color of the features involved, and the relation of such features to similar features of buildings and structures in the surrounding area. In the case of new construction or additions to existing buildings or structures the Commission shall consider the appropriateness of the size and shape of the building or structure both in relation to the land area upon which the building or structure is situated and to buildings and structures in the vicinity, and the Commission may in appropriate cases impose dimensional and setback requirements in addition to those required by other applicable laws or by-laws. The Commission shall not consider interior arrangements or architectural features not subject to public view.

The Commission shall not make any recommendation or requirement, except for the purpose of preventing changes or developments incongruous with the historic aspects or the architectural characteristics of an historic district.

SECTION 6 - EXCLUSION OF CERTAIN MATTER FROM REVIEW

The authority of the Commission shall not extend to the reconstruction, if substantially similar in exterior design, of a building, structure or exterior architectural feature damaged or destroyed by fire, storm or other disaster, provided such reconstruction is begun within one year of the damage or destruction and carried forward with due diligence.

The Commission may determine from time to time after public hearing that certain categories of exterior architectural features, if the provisions of applicable laws or by-laws do not limit the authority of the Commission with respect thereto, may be constructed or altered without review by the Commission without causing substantial derogation from the intent and purposes of this By-Law.

Upon request the Commission shall issue a certificate of non-applicability with respect to construction or alteration in any category then not subject to review by the Commission in accordance with this Section 6.

SECTION 7 - ORDINARY MAINTENANCE; LANDSCAPING; CHANGES OTHERWISE PERMITTED OR REQUIRED

Nothing in this By-Law shall be construed to prevent the ordinary maintenance, repair or replacement of any exterior architectural feature within an historic district which does not involve a change in design, material, color or the outward appearance thereof, nor to prevent landscaping with plants, trees or shrubs, nor construed to

prevent the meeting of a requirement certified by a duly authorized public officer to be necessary for public safety because of an unsafe or dangerous condition, nor construed to prevent any construction or alteration under a permit duly issued prior to the effective date of the applicable historic district by-law.

SECTION 8 - ADDITIONAL POWERS, FUNCTIONS AND DUTIES OF COMMISSION

The Commission may after public hearing set forth in such manner as it may determine various designs of certain appurtenances, such as lighting fixtures, which will meet the requirements of an historic district and a roster of certain colors of paint and roofing materials which will meet the requirements of an historic district, but no such determination shall limit the right of an applicant to present other designs or colors to the Commission for its approval.

The Commission may, where a certain construction or alteration is otherwise inappropriate, nevertheless determine that owing to conditions especially affecting the building or structure involved, but not affecting the historic district generally, failure to approve an application will involve a substantial hardship, financial or otherwise, to the applicant and that such application may be approved without substantial detriment to the public welfare and without substantial derogation from the intent and purpose of this By-Law. If the Commission so determines, it shall cause a certificate of hardship to be issued to the applicant.

The Commission may, subject to appropriation, employ clerical and technical assistants or consultants and incur other expenses appropriate to the carrying on of its work, and may accept money gifts and expend the same for such purposes.

The Commission shall have, in addition to the powers, authority and duties granted to it by this By-Law, such other powers, authority and duties as may be assigned to it from time to time by Town Meeting vote.

SECTION 9 - APPEALS TO AND ENFORCEMENT BY THE SUPERIOR COURT

Any person aggrieved by a determination of the Commission may, within twenty days after the filing of the notice of such determination with the Town Clerk, appeal to the superior court for Plymouth County, in accordance with the provisions of Chapter 40C, Section 12A, of the Massachusetts General Laws.

The superior court for Plymouth County may, in accordance with the provisions of Chapter 40C, Section 13, of the Massachusetts General Laws, enforce the provisions of this By-Law, and any determination, ruling or regulation issued pursuant thereto, and may, upon the petition of the Commission or the Board of Selectmen, restrain by injunction violations thereof; and, without limitation, such court may order the removal of any building, structure or exterior architectural feature constructed in violation thereof, or the substantial restoration of any building, structure or exterior architectural feature altered or demolished in violation thereof, and may issue such other orders for relief as may be equitable.

Whoever violates any of the provisions of this By-Law shall be punished by a fine of not less than ten dollars nor more than five hundred dollars. Each day during any portion of which a violation continues to exist shall constitute a separate offense.

SECTION 10 - DISTRICTS ESTABLISHED BY SPECIAL ACTS OF THE GENERAL COURT

The Lincoln Historic District and the Glad Tidings Historic District, established pursuant to a prior Special Act of the Massachusetts General Court, shall hereafter be subject to the provisions of this By-Law, notwithstanding the terms of such Special Act. The provisions of this By-Law shall not affect the validity of these historic districts.

This By-Law is adopted for the purpose of protecting the historic and aesthetic qualities of the Town by preserving, rehabilitating or restoring whenever possible, buildings or structures which constitute or reflect distinctive features of the architectural or historic resources of the Town, thereby promoting the public welfare and preserving the cultural heritage of the Town.

SECTION 2 - DEFINITIONS

For the purposes of this section the following words and phrases have the following meanings:

Commission - The Hingham Historical Commission

Commissioner - The Hingham Building Commissioner

Demolition Permit - The permit issued by the Commissioner as required by the state building code for the demolition, partial demolition or removal of a building or structure.

Historically Significant Building or Structure - any building or structure which is:

- (1) importantly associated with one or more historic persons or events, or with the architectural, cultural, political, economic or social history of the Town, the Commonwealth of Massachusetts or the United States of America; or
- (2) is historically or architecturally important by reason of period, style, method of building construction or association with a particular architect or builder, either by itself or in the context of a group of buildings or structures.

SECTION 3 - REGULATED BUILDINGS AND STRUCTURES

The provisions of this Article 31 shall apply only to the following buildings or structures:

Notwithstanding

the preceding sentence, the provisions of this section shall not apply to any building or structure located in a local historic district and subject to regulation under the provisions of Chapter 40C of the Massachusetts General Laws.

SECTION 4 - PROCEDURE

A. The Commissioner shall forward a copy of each demolition permit application for a building or structure identified in paragraph (c) of this section to the Commission within seven (7) days after the filing of such application.

B. Within thirty (30) days after its receipt of such application, the Commission shall determine whether the building or structure is historically significant. The applicant for the permit shall be entitled to make a presentation to the Commission if he or she makes a timely request in writing to the Commission.

C. If the Commission determines that the building or structure is not historically significant, it shall so notify the Commissioner and the applicant in writing and the Commissioner may issue a demolition permit. If the Commission determines that the building or structure is historically significant, it shall notify the Commissioner and the applicant in writing that a demolition plan review must be made prior to the issuance of a demolition permit. If the Commission fails to notify the Commissioner and the applicant of its determination within thirty (30) days after its receipt of the application, then the building or structure shall be deemed not historically significant and the Commissioner may issue a demolition permit.

D. Within sixty (60) days after the applicant is notified that the Commission has determined that a building or structure is historically significant, the applicant for the permit shall submit to the Commission ten (10) copies of a demolition plan which shall include the following information: (i) a map showing the location of the building or structure to be demolished with reference to lot lines and to neighboring buildings and structures; (ii) photographs of all street facade elevations; (iii) a description of the building or structure, or part thereof, to be demolished; (iv) the reason for the proposed demolition and data supporting said reason, including, where applicable, data sufficient to establish any economic justification for demolition; and (v) a brief description of the proposed reuse of the parcel on which the building or structure to be demolished is located.

E. The Commission shall hold a public hearing with respect to the application for a demolition permit, and shall give public notice of the time, place and purposes thereof at least fourteen (14) days before said hearing in such manner as it may determine, and by mailing, postage prepaid, a copy of said notice to the applicant, to the owners of all adjoining property and other property deemed by the Commission to be materially affected thereby as they appear on the most recent real estate tax list of the board of assessors, to the planning board, to any person filing written request for notice of hearings, such request to be renewed yearly in December, and to such other persons as the Commission shall deem entitled to notice. Within sixty (60) days after

its receipt of the demolition plan, the Commission shall file a written report with the Commissioner on the demolition plan which shall include the following: (i) a description of the age, architectural style, historic association and importance of the building or structure to be demolished; (ii) a determination as to whether or not the building or structure should preferably be preserved. The Commission shall determine that a building or structure should preferably be preserved only if it finds that the building or structure is an historically significant building or structure which, because of the importance made by such building or structure to the Town's historical and/or architectural resources, it is in the public interest to preserve, rehabilitate or restore.

F. If, following the demolition plan review, the Commission does not determine that the building or structure should preferably be preserved, or if the Commission fails to file a report with the Commissioner within the time limit set out in subparagraph (E) next above, then the Commissioner may issue a demolition permit.

G. If, following the demolition plan review, the Commission determines that the building or structure should preferably be preserved, then the Commissioner shall not issue a demolition permit for a period of six (6) months from the date of the filing of the Commission's report unless the Commission informs the Commissioner prior to the expiration of such six (6) month period that it is satisfied that the applicant for the demolition permit has made a bona fide, reasonable and unsuccessful effort to locate a purchaser for the building or structure who is willing to preserve, rehabilitate or restore the building or structure, or has agreed to accept a demolition permit on specified conditions approved by the Commission.

SECTION 5 - EMERGENCY DEMOLITION

If the condition of a building or structure poses a serious and imminent threat to the public health or safety due to its deteriorated condition, the owner of such building or structure may request the issuance of an emergency demolition permit from the Commissioner. As soon as practicable after the receipt of such a request, the Commissioner shall arrange to have the property inspected by a board consisting of himself, the Chairmen of the Commission and the Board of Health, and the Chief of the Fire Department, or their respective designees. After the inspection of the building or structure and consulting with this board, the Commissioner shall determine whether the condition of the building or structure represents a serious or imminent threat to public health or safety and whether there is any reasonable alternative to the immediate demolition of the building or structure which would protect the public health and safety. If the Commissioner finds that the condition of the building or structure poses a serious and imminent threat to public health or safety, and that there is no reasonable alternative to the immediate demolition thereof, he may issue an emergency demolition permit to the owner of the building or structure. Whenever the Commissioner issues an emergency demolition permit, under the provisions of this section 5, he shall prepare a written report describing the condition of the building or structure and the basis for his decision to issue an emergency demolition permit with

the Commission. Nothing in this section 5 shall be inconsistent with the procedures for the demolition and/or securing of buildings and structures established by Chapter 143, Sections 6-10, of the Massachusetts General Laws. In the event that a Board of Survey is convened under the provisions of Section 8 of said Chapter 143 with regard to any building or structure identified in section 3 of this article, the Commissioner shall request the Chairman of the Commission or his designee to accompany that Board of Survey during its inspection. In addition, unless a demolition permit was obtained for such demolition, and unless such permit was fully complied with, the Commissioner shall not issue a building permit pertaining to any parcel on which a building or structure identified in section 3 of this article has been demolished for a period of three (3) years after the date of demolition.

SECTION 7 - APPEALS TO SUPERIOR COURT

Any person aggrieved by a determination of the Commission may, within twenty days after the filing of the notice of such determination with the Commissioner, appeal to the superior court for Plymouth County. The court shall hear all pertinent evidence and shall annul the determination of the Commission if it finds the decision of the Commission to be unsupported by the evidence or to exceed the authority of the Commission or may remand the case for further action by the Commission or make such other decree as justice and equity shall require.

SECTION 8 - SEVERABILITY
